ORDER:

In the letter 1st read above, the Director, Ground Water Department has furnished a detailed report to the Chief Engineer, Minor Irrigation with regard to Construction of (14) Check Dams in Jadcherla, Nawabpet and Balangar Mandals of Mahabubnagar District stating that, as per observations of concerned Executive Engineer, I & CAD Dept, these check dams are proposed across streams with high velocity water flows, during rainy season, as earthen bunds cannot withstand, the vagaries of the nature on such streams the cement concrete structures are advisable and the absence of maintenance cost in the long run may nullify the cost effectiveness, even though there is limited ayacut in the vicinity of proposed check dams, the enhanced ground water table in future may lead to creation of additional ayacut. Hence, the Director, Ground Water Department has advised the Chief Engineer, Minor Irrigation, Hyderabad to go through the ground reality and status report of concerned Executive Engineer, I & CAD Department, in the matter.

2. Accordingly, in the letter 2nd read above, the Chief Engineer, Minor Irrigation, Hyderabad, has submitted (14) estimates for construction of Check Dams in Jadcherla, Nawabpet and Balangar Mandals of Mahabubnagar District to accord administrative approval for Rs.395.02 lakhs under SCP funds as per the recommendations of the Director, Ground Water Department stating that the villagers of Jadcherla, Nawabpet and Balangar mandals have no tank irrigation facilities.
